Full? ... maybe just an after-dinner  coffee or tea 

We serve fresh ground Bean coffee. We were lucky enough to find what we think is the best blend from an inspirational roaster and trust me we were up for many hours having tried a lot of coffee! The Coffee is selected from the highest quality bean, from whichever region is producing the best quality at the time of selection, by doing this we ensure a consistent high quality when roasted. Why not add a shot of your favourite tippie?

Disaronno • Tia Maria • Cointreau • Brandy • Bailey's • Jameson's
